

HSM® SECURIO

B24 office shredder

For use by the desk

- Energy Management Control System EcoSmart: particularly low power consumption of 0.1 watt in standby mode
- Automatic switches to energy-saving mode in 2 minutes after last use; switches off entirely if not used for 1 hour; temporary mode for small shredding jobs; and permanent mode for large shredding jobs
- Multifunctional control key with reversing function
- Shred bin level indicator
- Removable waste container
- Folding safety element
- Cutting rollers are V-TEK by HSM with specially hardened steel rollers. This optimum design of all cutting unit components saves valuable energy
- Continuous motor operation
- Quiet Operation feature shreds documents with a pleasantly, quiet operating sound
- Anti-Jam Technology design to easily and quickly reverse out paper in the event that the machine is overloaded
- Optional: Automatic oiler for cross-cut and micro-cut ensures long time cutting performance and quality
- 13 gallon waste bag capacity; Part #HSM1408
