# Sustainability

FSC® (FSC® C007894) certificate means that the product has been manufactured from wood coming from forests that meet the principles of responsible forest management developed by the Forest Stewardship Council. Adherence to the FSC guidelines makes it possible to harvest timber while preserving the vitality and biological wealth of forests.

Ecolabel is an environmental symbol awarded to the most environmentally friendly products that meet the quality requirements set by the European Commission. The Ecolabel is also a reference for consumers interested in buying products that help protect the environment.

ColorLok technology is the new standard for better print quality: crisper, more saturated prints and faster ink drying. Using ColorLok paper ensures reliable printing regardless of the equipment being used.
